Boundless Collection

Boundless Collection

There's something compelling about being unrestricted by boundaries—like the gratification of coloring outside the lines, or the efficacy of thinking outside the box.

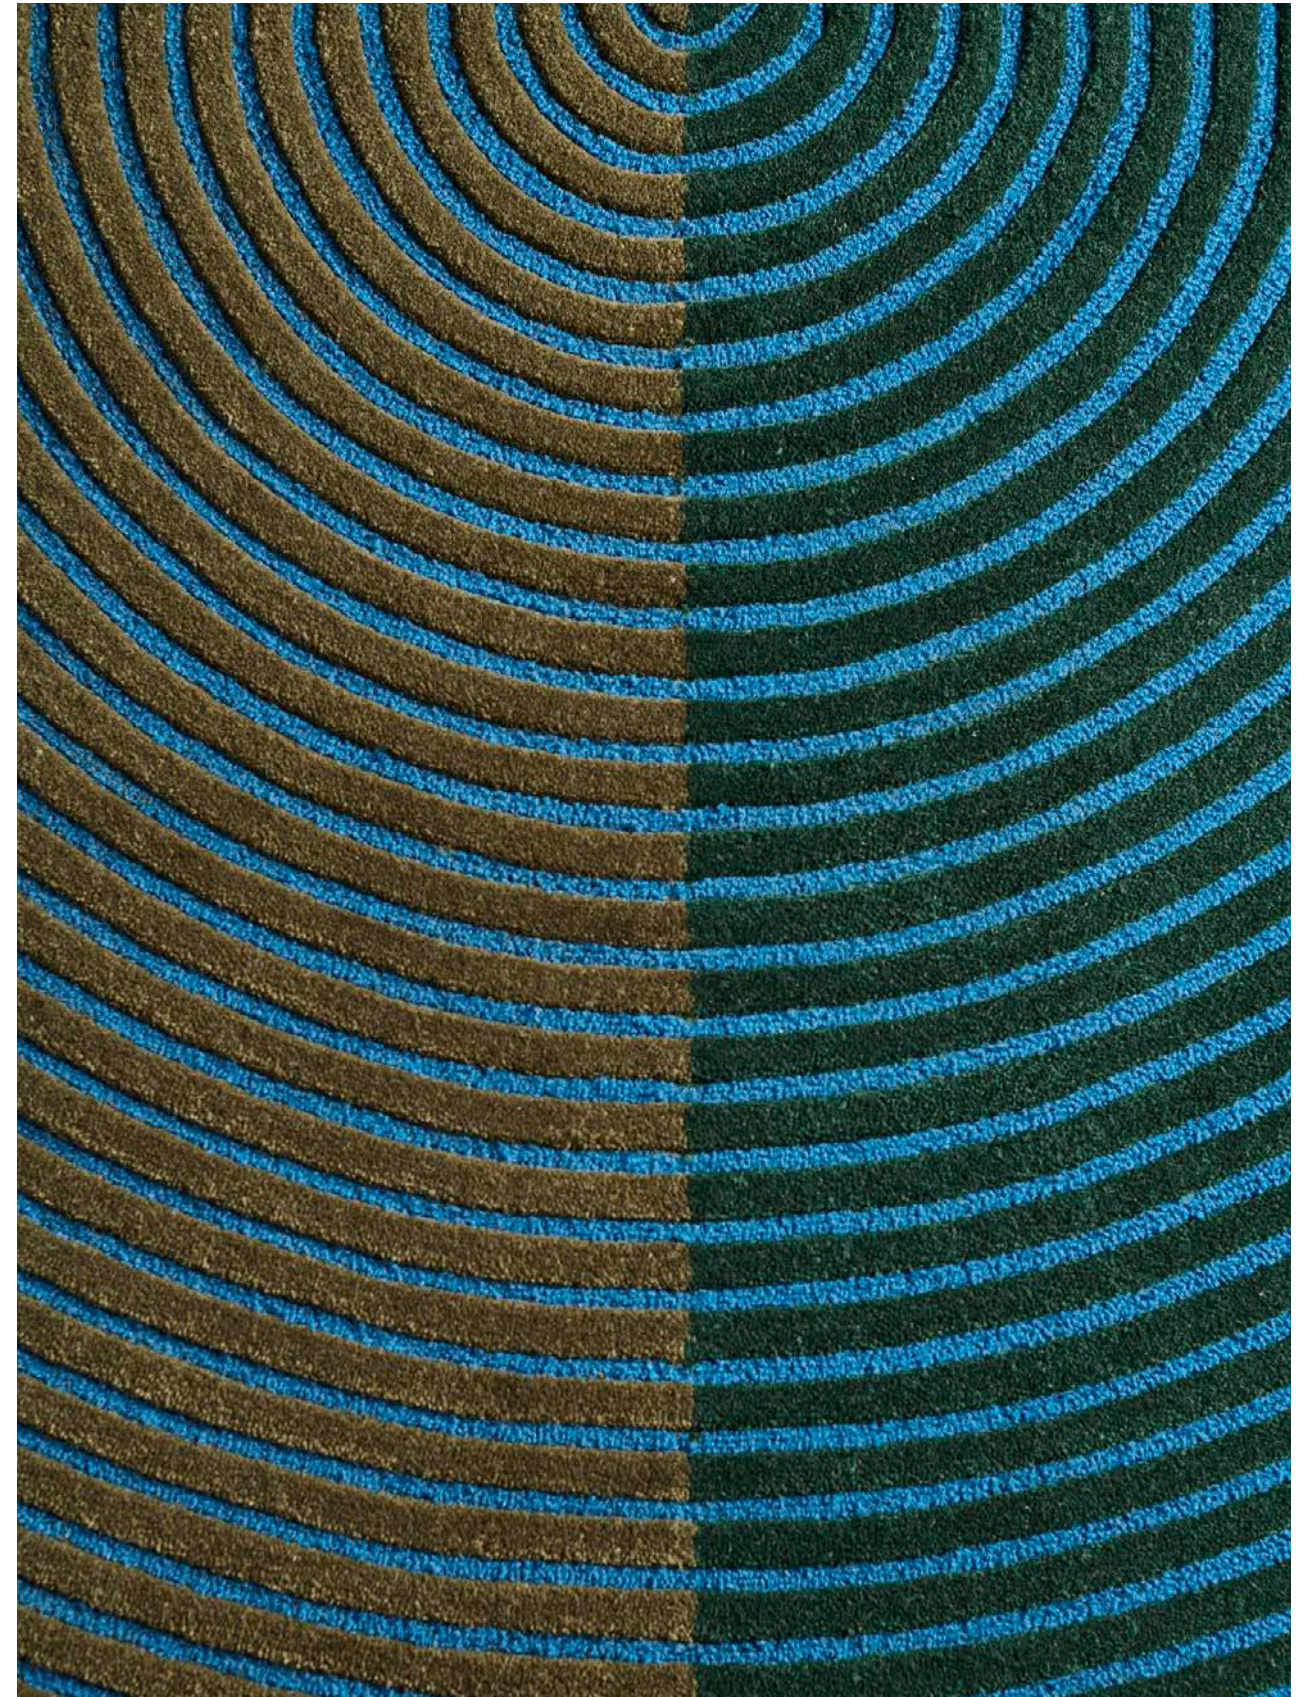

Custom can be any shape or size you want and need it to be. Imagine the boundless possibilities. Let's get started.

Our Boundless Collection is crafted using silk and wool, some of the world's longest wearing and most luxurious fibers. Each of the patterns shown can be customized in any color, allowing you to create a Scott Group Studio carpet that is truly original.

The background is an abstract composition of geometric shapes and colors. It features a dark grey horizontal bar at the top, a white rectangular area in the center, and a dark blue-grey vertical bar on the left. A large, dark brown triangular shape is positioned at the bottom, overlapping the white area and extending towards the right. A red triangular shape is also present, overlapping the white area and the dark brown triangle. The overall design is minimalist and modern.
